

NATIONAL RADON SAFETY BOARD (NRSB)

CERTIFICATION SERVICES FOR RADON PROFESSIONALS

Region 3 Conference - Frederick, MD

Presenter: Kehaulani Kekoa

V2 |

ABOUT THE NRSB

- The National Radon Safety Board (NRSB) certification program offers independent certification, accreditation, and approval for:
 - Measurement Specialist (RMS), Measurement Technician (RMT) & Mitigation Specialist (RRS)
 - Laboratories & Chambers
 - Evaluation & Approval for devices
- NRSB certification is formal recognition of professional excellence based on qualifications, high ethical standards, and continuing education in radon services.
- Encourage the public to use certified professionals
- We ensure our certified professionals are educated on correct practices
- NRSB is independently run by volunteer board members

ASK HOW NRSB CAN WORK FOR YOU!

Use NRSB as a tool

- For consumers
 - Provide local resources (RMT, RMS, RRS, etc.)
 - Aid consumers in finding/searching for information about radon
- For professionals
 - Answer questions about certification & renewal
 - What courses, devices, etc. are approved by the NRSB
 - Website search
- NRSB.org
 - We list certified professionals
 - List upcoming/past events
 - Lists approved initial & continuing education courses, devices, accredited labs & chambers
 - New and noteworthy information about NRSB

WHY USE A CERTIFIED PROFESSIONAL?

- Consumer Confidence

- Certification lets consumers know an individual has extensive knowledge in radon measurement & mitigation

- CE courses, conferences & networking

- Device Assurance

- Any device used by a NRSB professional is evaluated and approved by the board

- Certificates of calibration

- Proficiency tests

- If there are any issues, there is a certification body to turn to

NEW WEBSITE: www.NRSB.org

National Radon Safety Board
NRSB
Certified Radon Professionals

The screenshot shows the NRSB website homepage. At the top, there is a dark blue header with the text "CERTIFIED RADON PROFESSIONALS" on the left, contact information "Toll Free: 866.329.3474 Fax: 914.345.1169" in the center, and social media icons for YouTube, Facebook, and Google+ on the right. Below the header is a white navigation bar with the NRSB logo and "NATIONAL RADON SAFETY BOARD" on the left, and a "Find a Certified Professional" search button on the right. The main navigation menu includes "HOME", "FOR CONSUMERS", "FOR PROFESSIONALS", "RADON COURSES", "EXAMS", "DEVICES", and "MORE". The main content area features a large blue square with the radon symbol "Rn" and "[222]", accompanied by the text "Certifications are based on qualifications, high ethical standards & continuing education in radon services." Below this is a section titled "Certifying radon professionals for over 15 years!" with a gold seal that says "NRSB CERTIFIED". The seal is circular with a serrated edge and a ribbon at the bottom. The text around the seal describes the certification process and the board's commitment to quality and confidence in the radon industry.

We launched our new website at the end of 2018!

- How to become certified & renew
- Initial and CE course info
- Approved devices
- For consumers
- And much more...

REGION 3 STAKEHOLDERS MEETING

June 5, 2018

6th Annual Region 3 Mid-Atlantic Radon Stakeholders' Meeting
Winchester, Virginia
June 26, 2018 from 8:00am-5:00pm
CONTINUING EDUCATION TRAINING on June 25, 2018
EPA-State only meeting on June 27, 2018

The meeting is being held at no cost and is intended to bring together interested parties concerned with protecting the public from unnecessary exposure of radon in homes, schools, public and private buildings.

The Stakeholder's meeting is being hosted by the Virginia Department of Health in collaboration with the Conference of Radiation Control Program Directors (CRCPD), the Region 3 office of the U.S. Environmental Protection Agency, Delaware Department of Health and Social Services, District of Columbia Department of the Environment, Maryland Department of Health, Pennsylvania Department of Environmental Protection and the West Virginia Department of Health and Human Resources.

This meeting will bring interested stakeholders together to discuss common issues, provide insight into future radon risk reduction action, share perspectives, educate and network. This meeting will focus on radon risk reduction and looking at the latest developments in testing and mitigation. We believe that meetings such as this will better provide all of us with ways to assist the public and reduce radon exposures. Speakers will include internationally recognized radon experts, the US Environmental Protection Agency, state and local radon professionals. Attendees will receive 4 hours of Category II CE credits for attending the June 26th Stakeholder meeting.
