Management and Leadership

Environmentally Preferable Procurement

We purchase 100% recycled copy/printer paper, as well as folders, envelopes, cleaning supplies, paper towels, toilet paper, tissues and Post-Its. We also use recycled paper for our stationary and business cards. Our beverages are primarily organic products as well (coffee, tea, etc.). Wherever possible, we buy reused, recycled, and/or organic products.

Waste

Recycling

We recycle all paper, cans, bottles, and plastic via Baltimore County's recycling program.

Energy

Energy Efficiency

Our office has LED lighting.

Transportation

Employee Commute

We relocated our office to Towson in 2022 to reduce travel for 3/4 of our team. We've also increased work-from-home days to further reduce vehicle travel.

Efficient Business Travel

Travel to DC is done via the MARC train to Union Station and then the Metro while in DC and Northern Virginia.

Profile Updated December 2021

Help build a greener, more sustainable Maryland through voluntary practices that reduce environmental impacts and save money.
