**RE: Supplemental Information for Subsurface Investigation Work Plan  
Southside Oil Facility #20025  
31 Heather Lane  
Perryville, Cecil County, Maryland  
MDE Case No. 2006-0489-CE**

Dear Ms. DeBartolomeo:

Kleinfelder, on behalf of Southside Oil, LLC (Southside), is pleased to provide the supplemental information requested via telephone on November 27, 2012. Enclosed is the proposed monitoring well location map updated to include existing monitoring wells associated with the above referenced location.

As discussed, Kleinfelder, on behalf of Southside, has initiated access negotiations with the owner of the parcel of the proposed bedrock well BR-2. Kleinfelder is prepared to initiate access discussions with the owner of the property on which monitoring well MW-14 is proposed upon Maryland Department of the Environment approval of the proposed monitoring well locations. The proposed locations of monitoring well MW-13 and bedrock well BR-1 are on-site and do not require an access agreement.

Please contact the undersigned if you have questions regarding the information contained herein.

Sincerely yours,  
**Kleinfelder East, Inc.**

  
Paxton Wertz  
Geologist
